

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair is violating campaign spending laws by providing mandatory free television time to Kerry Critics while denying equal time to the Kerry campaign.

This is also a direct and obvious attempt to affect the outcome of the American presidential election, and violates the conditions for use of public airwaves. Please intercede with This broadcasting entity to require equal time or denial of compulsory viewing time.
